Curso/área Educação	Nível Doutorado
Instituição Universidade Federal do Espírito Santo	Carga horária/créditos exigidos 37 créditos
Semestre referente 2023/2	Carga horária/créditos realizados 30h (orientação de tese). Coleta de dados na Ufes e na Universidade de coventry

**Resumo das atividades realizadas**  
(obrigatórias e optativas)

O doutorado entrou na fase de coleta de dados tanto an Ufes quanto na univiersidade de Coventry. Não há mais disciplinas a serem cursadas. É o momento de coletar e analisar dados para realizar a escrita da tese. Foram entrevistados 18 estudantes na Ufes e 13 estudantes na Unviersidade de Coventry. A coleta de dados exigiu a ida a Inglaterra.

**Coventry**

- Ambientação à universidade
- Divulgação da pesquisa
- Recrutamento de candidatos para as entrevistas
- Participação de um congresso em Moçambique com resultados parciais da revisão de literatura.
- Transcrição e validação das entrevistas

**Ufes**

- Divulgação da pesquisa na universidade
- Recrutamento de candidatos para as entrevistas
- Transcrição e validação das entrevistas

Importante mencionar três artigos foram confeccionados. Um já foi publicado na Sociedade Brasileira de Educação Comparada e dois estão sendo avaliados.

**Planejamento das atividades do próximo semestre**

Para o semestre de 2024/1 esperamos análise dos dados e finalização da tese. Além disso, buscaremos publicar os resultados obtidos durante a pesquisa em diferentes revistas, no Brasil e na Inglaterra.

**Detailed results:**

Mark averages are not provided as the calculation of the final module mark will depend on a number of factors, including the weighting of individual components. To provide an average would therefore be misleading and give an inaccurate indication of a final mark in many cases.

# Progress Review Panel (PRP) Report Form – New Framework

Doctoral  
College

Centre for Research  
Capability and Development

## PGR Details:

<b>Name:</b>	Adriana Da Costa Barbosa
<b>PGR ID Number:</b>	11767952
<b>Year of Study, Mode of Study and Qualification Aim:</b>	PhD
<b>Research Centre:</b>	GLEA
<b>Expected Completion Deadline:</b>	2024

**Note: All sections to be completed by the Independent Chair in word-processed form  
Please return the PRP Report Form to [pgrlifecycle@coventry.ac.uk](mailto:pgrlifecycle@coventry.ac.uk) within 1 working day of the PRP**

## Progress (please comment on the below areas)

Is the timetable for completion feasible?	Concern as to feasibility, but need to see translated version of all work completed.
Has the PGR met the appropriate PRP milestone?	See above
Does the PGR appear to be experiencing difficulties due to problems or some external issues?	Adriana articulated that she is committed to the Coventry component of the dual award, but she is doing it because she has to rather than wants to. This raised concerns for the Panel re: Adriana's well-being. This was discussed with supervisory team.
Have appropriate arrangements been made to ensure completion?	Concerns that candidate needs to meet more regularly with her full team to ensure thesis can be completed on time
Has the PGR received ethical approval for their research, is it still current?	YES, P140383

## Quality (please comment on the below areas)

Is the quality of written work sufficient for the target research degree?	Some issues. Detailed feedback has been provided to the candidate during the PRP and in separate annotated document.
Is the standard of written English acceptable?	Yes

## Scope (please comment on the below areas)

Is it clear what basic research question(s) is being asked, or claims being made?	Clarity is needed around key aims and objectives
Is the proposed scope of the research feasible?	Scope appears very broad and perhaps unmanageable. Advice given in PRP on need to focus. See below
Has the topic changed significantly since the last PRP?	n/a

## Training (please comment on the below areas)

Does the PGR have the knowledge and skills to complete the research?	Yes
--	-----

Mandatory requirement	
Has the PGR completed the RDDA with their DoS (or nominated supervisor) and has the deliverable been produced in line with this? Was the RDDA submitted to the Doctoral College by the deadline?	Yes, though the submitted version has not been signed
Please state the number of Researcher Development Activity hours the PGR has had approved by RECAP (if applicable)  <i>Note: Refer to the PGR completed PRP document submission form for this information</i>  <i>PGR must complete either 300 hours by the end of Phase 2 for PhD or 200 hours before submission for MRes</i>	Please tick one of the below
	100 hours
	200 hours
	<b>300 hours</b> Applied for, not signed
Has the PGR kept an appropriate research logbook and records of supervisory team meetings?	Yes, to some extent
Has an up-to-date log book been submitted?	Yes
Has evidence of progress towards/full ethical approval been submitted?	Yes, see above
Have the minimum requirements for the number of meetings (FT – 20, PT – 10) between the PGR and supervisor(s) been met since the last PRP?	Not in terms of formal meetings, but candidate expressed the view that email communication and feedback was more helpful. Panel expressed concerns that the candidate was not benefiting from the collaborative nature of the dual award programme by meeting more frequently with the full supervisory team from across UFES and CU
Is the panel satisfied that the supervision arrangements are still appropriate?	See above
Have exam arrangements been submitted/approved by the Doctoral College?	n/a
Major points of discussions with subject expert, PGR and Director of Studies	
<ul style="list-style-type: none"> <li>• Be clearer on position – why you; why this research? This was articulated very well by the candidate during presentation. Needs to come through the written work</li> <li>• Clarity around key research questions and how it is addressed by the main goal and objectives of the study</li> <li>• Importance of proper signposting through chapters: introduce and summarise sections, link sections logically together (potentially these current sections may be what CU would see as chapters)</li> <li>• Policy overview – end with reflections on how these relate to research questions and /or main goal, objectives. More example of local and national policies would be useful and the policy which the study population will be most influenced by. It also will be important to explain the different semantics of how policy is understood across contexts and as it is referred to in the literature, as Adriana discussed in the PRP</li> <li>• Key concepts / critical literature need to be explored in much greater depth</li> <li>• Main goal of thesis needs to clearly run through / come out of literature review – focus and scope</li> <li>• Acknowledge complexity of comparative analysis – focus down to a manageable / achievable project</li> <li>• Elias concepts needs critiquing fully – what other concepts / frameworks were considered?</li> </ul>	
Suggestions for next year of study (if applicable). (including whether points raised from previous PRP have been resolved)	
<ul style="list-style-type: none"> <li>➤ Critical going forward that Adriana, with her supervisory team, agree the full <b>single thesis</b> structure which can fully account for both universities regs. Adriana to share the outline of such a structure. Adriana needs reassuring that she is submitting one thesis to both institutions.</li> </ul>	

- Panel encourage full supervisory team to meet more frequently at least in short term to support Adriana and her progress; also urgent need to provide advice / support as to how to increase participants in Coventry case study.
- Adriana to share an full outline / itinerary of her forthcoming study period in Coventry

## PGR Welfare

<b>Is the PGR experiencing any ongoing difficulties that may affect their studies?</b> Please detail if appropriate:	No
<b>Has the PGR expressed any concerns regarding engaging with their studies?</b> Please detail if appropriate:	Yes, see previous comment. Concerns that candidate said that were 'having to do' the Coventry part of the dual award rather than wanting to, and how this may affect their well-being. Need to fully discuss this with the wider supervisory team and signpost where appropriate. Panel advised Adriana to scope out with her supervisory team her pending Coventry visit and look at the time frame in which this could be achieved.
<b>Has the PGR been signposted to the Welfare team, if appropriate?</b> <a href="mailto:Welfare.io@coventry.ac.uk">Welfare.io@coventry.ac.uk</a> for International PGRs <a href="mailto:Welfare.ss@coventry.ac.uk">Welfare.ss@coventry.ac.uk</a> for Home/EU PGRs	
<b>Has the DoS expressed any concerns for the PGR engaging with their studies?</b> Please detail if appropriate:	Yes, DoS expressed concern that Adriana is not engaging appropriately with constructive feedback. This perhaps relates to the previous point around commitment.
<b>Please detail any recommendations for any other parties to action:</b> This can include the Doctoral College, PGR Lead etc.	

## Decision

<b>Please tick one of the below outcomes</b>	<b>Outcome</b>	<b>Description</b> <i>Please add details of any condition, deadlines etc.</i>
	<b>Progress</b>	<p>As the PGR has achieved the requirements of the framework to date, the PGR can progress to the next phase / continue on the current phase.</p> <p>If a PGR progresses after they have had the maximum one year period on Thesis Pending, they will revert back to their original mode of study and will therefore be required to pay the relevant full-time/part-time fees.</p> <p>If this outcome is selected, but supporting evidence has not been submitted to the Doctoral College and Centre (as required by the framework), the outcome will be amended to "Minor Issues / Referred" pending the submission of the evidence.</p>
	<b>Progress to Thesis Pending year</b>	<p>As the PGR has achieved the requirements of the framework up to the end of Phase 3, they can progress to a one year Thesis Pending period.</p> <p>If this outcome is selected, but supporting evidence has not been submitted to the Doctoral College and Centre (as required by the framework), the outcome will be amended to "Minor Issues / Referred" pending the submission of the evidence.</p> <p>Please note, the Academic Regulations (8.5.2.c) state that "All Research Degree candidates are only permitted to enrol as Thesis Pending for one year" (with an additional period in exceptional circumstances at the discretion of the University Research Committee).</p>

	<b>Minor issues</b>	<p>The PGR can progress to the next phase / continue on the current phase but there are minor documentation issues to be addressed by a given date.</p> <p>The PGR needs to:</p> <p>2.</p> <p>3.</p> <p>By: (dd/mm/yy)</p> <p>A revised plan for the year is needed – Yes / No</p> <p>The student will then progress onto the following mode: FT / PT / WU</p>
<b>YES</b>	<b>Major issues (document resubmission only)</b>	<p>The PGR has major issues with the PRP and must resubmit documents for the PRP panel to review. The PGR cannot progress to the next phase / continue on the current phase as there are major issues that must be addressed by a given date.</p> <p>Deadline for re-submitting documents: <b>15<sup>th</sup> April 2023</b></p> <p>By the above re-submission date, the PGR needs to:</p> <ol style="list-style-type: none"> <li>1. <b>Provide a detailed plan / itinerary for Coventry visit with dates</b></li> <li>2. <b>Provide a translated copy into English of all work / chapters completed to date</b></li> <li>3. <b>Submit signed copies (by DoS) of RDDA and Development Activity record</b></li> </ol>
	<b>Major issues (repeat PRP)</b>	<p>The PGR must have a repeat PRP. The PGR cannot progress to the next phase / continue on the current phase as there are major issues that must be addressed by a given date. <b>Note: Automatic repeat PRP's for late submission of documents must take place at least 4 weeks (max.3 months) from this PRP date.</b></p> <p>Deadline for repeat PRP: (dd/mm/yy)</p> <p>By the time of the repeat PRP, the PGR needs to:</p> <ol style="list-style-type: none"> <li>1.</li> <li>2.</li> <li>3.</li> </ol>
	<b>Transfer</b>	<p>The PGR needs to transfer to a higher award or an alternate award. A new programme of study will be needed.</p> <p>The new award is: The new mode is: FT / PT</p> <p><b><i>Please provide detailed rationale for this decision (Use additional paper if required):</i></b></p>

		<i>PLEASE NOTE: A Progress Review Panel Transfer Form is required to formalise this transfer and we will need it to be sent through alongside the PRP Report form. (See Chair's pack on OneDrive for the form)</i>
	<b>Fail</b>	The PGR has failed their programme of study and must withdraw from the University.  <i>The Chair must contact the Doctoral College and Centre after the decision has been made but before it has been communicated to the PGR.</i>
		<b>Please provide detailed rationale for this decision:</b>   <i>Use additional paper if required</i>

*\*If any requirement for framework are submitted at the PRP but not passed on to the Doctoral College and Centre the outcome of the PRP will be amended to "Minor Issues" pending the receipt of the requirement. The Doctoral College and Centre reserves the right to amend results that do not comply with Section 8 of University Academic Regulations and associated policies.*
